In conclusion I will add, when I was enduring such great suffering, from that dreadful disease, scrotlals, I prayed to the Lerd above to take me out of this world, but as Vegetina has restored to me the blessings of heatth, I desire more than ever to live, that I may be of some service to my fellow man, and I knew of no better way to aid suffering humanity, than to enclose you this attatement of my case with an earnest hope that you will publish it, and it will afford me pleasure to reply to any semmunication which I may receive thereform.
